

# LICTON SPRINGS PLAY AREA NEEDS TO HEAR FROM YOU!

Seattle Parks and Recreation is installing new play equipment at Licton Springs Park. Please join Seattle Parks and Recreation's Planner and Sr. Landscape Architect at the park to discuss ideas about the new play equipment. We will have an open house to show play equipment design options and hear what you like the most.

This project will replace play equipment, provide access for people with disabilities and improve safety and other features at the park. Licton Springs Play Area is located at 9536 Ashworth Ave N.
